Hey s22

Hope you are well and thank you for checking in on this.

My only other recommendation would be to add "Gender Fluid".
This may be someone who uses multiple pronouns or whose gender identity isn't fixed.
It can change over time or from day-to-day. Fluid is a form of gender identity or gender expression.

I feel with this addition you are encapsulating a broad spectrum of identities.
Please let me know if you have any questions at all.

Warmly,
